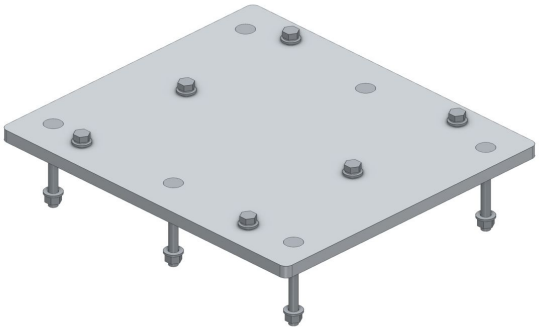
Interface Bracket for RM-Series Retractable Mast to suit DTP3 Platforms

AP-DTP3-IBRM



Key Features

- Attach an RM Retractable Mast to a DTP3 Platform
- Bolts to the DTP3 mast seat's existing holes
- Tapped for the RM-series base bolt pattern
- 16 mm aluminium plate, stainless fixings

Overview

This interface bracket is used to attach an APAC RM-Series Retractable Mast to a DTP3 platform, such as the AP-DTP3SK skid, in place of an AL340 tower. It is a 16 mm aluminium plate that sits on the platform's built-in mast seat, fixed by six M12 countersunk screws through the seat's existing holes, flush with the plate's top so the mast's base plate sits flat on it.

The plate is tapped for the RM-series base bolt pattern, and the mast bolts down with six M12 bolts and spring washers. The countersunk screws are stainless steel; the mast's bolts, through its steel base plate, are galvanised.

Specification

Parameter	AP-DTP3-IBRM
Physical Specification	
System	**DTP3** **RM**
Subtype	**Interface Bracket**
Materials	**Aluminium**
Material Finish	**Bright/Pickled Finish**
Mounting	**Screw / Bolt**
Dimensions	**475 × 420 × 128 mm**
Weight	**8.4 kg**
Interfaces	

Installation / Attachment

Quantity	Mounting	Notes
6	Screw / Bolt	Six M12 countersunk screws through the DTP3 mast seat's holes

Available Interfaces

Quantity	Interfaces	Notes
1	RM-Series Mast Base Bolt Pattern	Six tapped M12 holes for the RM mast's base plate

Subcomponents

Quantity	Item	Materials	Material Finish
1	Interface Plate, 16 mm Sheet	Aluminium	Bright/Pickled Finish

Quantity	Bundled Components
6	Countersunk Socket Screw, Stainless Steel - M12 x 110mm Standard Thread (AP-FSS-CSK-M12-110)
6	Hex Nut, Stainless Steel - M12 Standard Thread (AP-FSS-HXN-M12)
6	Flat Washer, Stainless Steel - M12 (AP-FSS-FW-M12)
6	Hex Bolt, Hot-Dip Galvanised 8.8 - M12 x 25mm Standard Thread (AP-FST-HXB-HDM12-25)
6	Split Lock Washer, Hot-Dip Galvanised Class 8 - M12 (AP-FST-SLW-HDM12)
6	Flat Washer, Hot-Dip Galvanised Class 8 - M12 (AP-FST-FW-HDM12)

Australian designed and manufactured infrastructure for public safety and first response, built on the Sunshine Coast, Queensland. Need a variation on this design? Our team can engineer it to suit your site.
