Polaris RANGER XP Kinetic Premium

POL-RNGR-XP-K-PREM

Key Features

- 110 HP Electric Motor with 190 Nm Torque
- 35.5 cm Ground Clearance
- Industry-Best 567 kg Dump Box Capacity

Overview

Polaris RANGER XP Kinetic's electric motor produces an industry-leading 110 HP and 140 lb-ft of torque, making it the most capable and most fun RANGER ever.

Class-leading 1,134 kg towing and industry-leading 567 kg hauling capacities let you move more rock, brick, hay, dirt, wood, and supplies at one time so you can get the job done faster and in fewer trips.

The electric motor delivers all of its torque instantly, allowing for immediate pulling-power while towing, precise manoeuvrability in tight quarters, and amazing throttle response out on a ride. A new shifter design also adds an integrated switch for forward and reverse to the existing high, low, neutral and park gears for easy transitions between the two.

With an available 130 km of estimated range, RANGER XP Kinetic has plenty of juice to work even the toughest shifts from sun up to sun down.
