Aluminium Enclosed Events Trailer, Single Axle

AP-T-SLS-EESA

Key Features

- Single or dual-axle with LT tyres
- Loading ramp & side access doors
- All-aluminium construction with stainless hardware
- Huge range of options available

Overview

APAC's Surf Lifesaving trailer series are 100% designed and manufactured in Sunshine Coast, Queensland, purpose built for Surf Lifesaving clubs across Australia.

Our Events trailer has been designed following consultation with Surf Lifesaving Queensland clubs to support a broad range of events such as Nippers and responding to emergencies.

This build has a full rear opening door on gas struts, one L/H side door access and can house 40+ boards sideways, 4x rescue boards underneath the nipper boards and buoys in the front drainable area along with tubes.

There's a tonne of options available - Victron solar power system, internal lighting, single-axle/dual-axle, removable board racking, motor lift and holder.

The Events Trailer is a great platform for all sorts of community and emergency services applications. We custom-build locally, allowing us to rapidly produce to your requirements.
