AE Stainless 316 Marine Grade SS Enclosure, 800x800x400, Handle, Vent & Sunshield

SS800x800x400-VS

Key Features

- Fully welded construction - IP66 rating, IK10 Tested
- Made from 1.5 mm 316 stainless steel
- 2 mm white powder coated galvanised steel gear tray included
- Supplied with Swing Handle Lock, Vent, Hoods, and Sunshield Kit
- Australian made

Overview

Made locally in Queensland from 316L Stainless Steel, N4 Finish, IP66 Rated and IK10 Tested Enclosure. Includes - White Mild steel gear tray, Earth wire, 6 x M8 wall brackets, 2-bit Stainless Steel Lock and keys. Door left hand hinged default.

We use this very high quality enclosure configuration as a go-to on our integrated platforms for a high temp and corrosion-resistant equipment cabinet (solar, comms, electrical).

AE Stainless' range of stainless steel Standard Enclosures are renowned for its build quality, aesthetics and functionality. They are designed to protect equipment in extreme conditions - including corrosive marine. They are also designed to easily bolt in AE Stainless branded accessories such as Escutcheon/Inner doors, 19" racks etc.

- Reversible door (left hinged is the default position)
- Door earthed to cabinet via earth studs
- Polyurethane door seal
- 2 x Wiring Loom Z-brackets included to help with cable management across door hinges
- Folded lip/gutter to ensure effective door seal
- Door fitted with concealed hinges on one side and pad-lockable swing handle
- Rear mounting holes fitted with blind nutserts to ensure IP rating
- 6 x wall mounting brackets included
